

As the only CPA and Certified Mineral Manager (CMM) in the Ohio Valley Region, Jeff Yourkovich is uniquely and strategically qualified to assist mineral owners with understanding their minerals interest, helping mineral owners understand the complexities of gas and oil activity and provide specialized professional services.

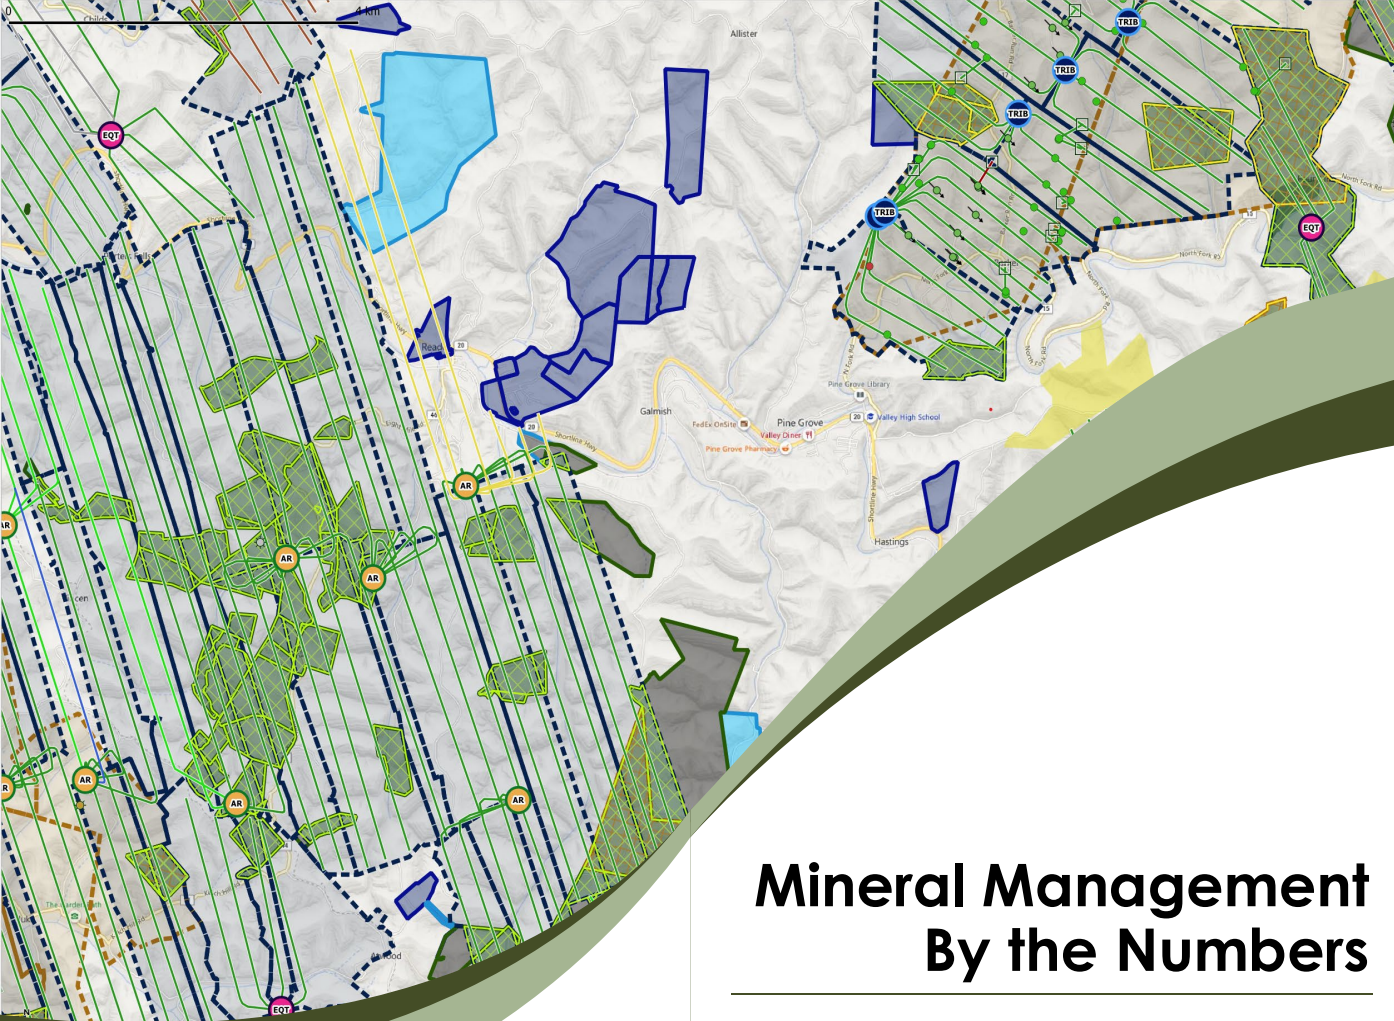

## CPA/CMM Services

---

- Quarterly estimated taxes and tax planning
- IRS backup withholding problems and corresponding with IRS
- Review royalty statement with mineral owner to explain the columns and numbers on the statement
- Review lease, division order, declaration of pooled unit, and mineral owner decimal interest
- Monitor and review royalty statements to determine if you are getting paid correctly and if producer deductions are allowed per the lease terms
- Compare well production reported to the State to mineral owner royalty statements
- Recovery of underpaid royalties or non-payment of royalties
- Verify mineral real estate tax appraisal values

## ADDED TO THE TEAM

Jason and Maria Cooper are a husband and wife team of oil and gas professionals who have combined their industry experience and IT education to develop a modern, scalable, GIS-based system for managing oil and gas interests. We leverage this system to actively monitor and manage our clients' holdings, confirm royalty payments, and identify potential payment issues. We are happy to have Jason and Maria as a part of our team!

## Mineral Management By the Numbers

- 40,000+ acres under active management
- \$50 million+ oil and gas royalties reviewed
- **\$6 million+ recovered** for our clients from unpaid and underpaid royalties!
